NATHANIEL RUSSELL.

From the BOSTON GAZETTE, March 30.

The following is said to be the Substance of the RESOLVES *of the Right Honourable the House of Lords, relative to American Affairs, viz.*

I. *RESOLVED*, That the Votes, Resolutions, and Proceedings of the house of Representatives of *Massachusetts-Bay*, in the months of *January* and *February* last, respecting several late acts of Parliament, so far as the said votes, resolutions and proceedings import a denial of, or to draw into question the power and authority of his Majesty, by and with the advice and consent of the Lords spiritual and temporal, and Commons in Parliament assembled, to make laws and statutes of sufficient force and validity to bind the colonies and people of *America*, subjects of the crown of *Great-Britain*, in all cases whatsoever, are illegal, unconstitutional and derogatory to the rights of the Crown and Parliament of *Great-Britain*.

II. *Resolved*, That the resolutions of the said house of Representatives of the province of *Massachusetts-Bay*, in January last, to write letters to the several Houses of Representatives of the British colonies on the Continent, desiring them to join with the said house of Representatives of the province of *Massachusetts-Bay*, in petitions which do deny or draw into question the right of Parliament to impose duties and taxes upon his Majesty's subjects in *America*; and in pursuance of the said resolutions the writing such letters, in which certain late acts of Parliament imposing duties and taxes are stated to be infringements of the rights of his Majesty's subjects of the said province, are proceedings of a most unwarrantable and dangerous nature, calculated to enflame the minds of his Majesty's subjects in the other colonies, tending to create unlawful combinations, repugnant to the laws of *Great-Britain*, and subversive of the constitution.

III. *Resolved*, That it appears that the Town of *Boston* in the province of *Massachusetts-Bay*, has for some time past been in a state of great disorder and confusion; and that the peace of said town has been disturbed by riots and tumults of a dangerous nature, in which the officers of his Majesty's revenue there have been obstructed by acts of violence in the execution of the laws, and their lives endangered.

IV. *Resolved*, That it appears that the ordinary civil Magistrates in the said town of *Boston*, did not exert their authority for suppressing the said riots and tumults.

V. *Resolved*, That in these circumstances of the province of the *Massachusetts-Bay*, and of the town of *Boston*, the preservation of the public peace, and the due execution of the laws became impracticable, without the aid of a military force to support and protect the civil magistrate, and the officers of his Majesty's revenue.

VI. *Resolved*, That the declarations and resolutions and proceedings of the town meetings at *Boston*, the 14th of June and 12th of September, were illegal unconstitutional, and calculated to excite sedition and insurrections in his Majesty's province of *Massachusetts-Bay*.

VII. *Resolved*, That the appointment of the town-meeting on the 12th of September of a convention to be held in the town of *Boston*, on the 22d of that month, to consist of deputies from the several towns and districts in the province of the *Massachusetts-Bay*; and the issuing a precept by the select-men of the town of *Boston*, to each of said towns and districts for the election of such deputies, were proceedings subversive of his Majesty's government, and evidently manifesting a design in the inhabitants of the said town of *Boston* to usurp a new unconstitutional authority, independent of the Crown of Great-Britain.

VIII. *Resolved*, That the elections by the several towns and districts in the province of *Massachusetts-Bay*, of deputies to sit in the said convention, and the meeting of such convention in consequence thereof, were daring insults offered to his Majesty's authority, and an audacious usurpation of the powers of government.

IX. *Resolved*, That an humble address be presented to his Majesty, to return his Majesty thanks for the communication which he has been graciously pleased to make to his parliament, of several papers relative to the public transactions in his Majesty's province of *Massachusetts-Bay*.

To express our sincere satisfaction in the measures which his Majesty has pursued for supporting the constitution, and inducing a due obedience to the authority of the legislature.

To give his Majesty the strongest assurance that his parliament will effectually stand by and support his Majesty in such further measures as may be found necessary to maintain the civil magistrate in a due execution of the laws in his Majesty's province of *Massachusetts-Bay*.

And we conceive that nothing can be more immediately necessary, either for the maintenance of his Majesty's authority in the said province, or for guarding his Majesty's subjects therein from being farther deluded by the arts of wicked and designing men, than to proceed in the most speedy and effectual manner for bringing to condign punishment the chief authors and instigators of the late disorders, to beseech his Majesty that he will be graciously pleased to direct his Majesty's Governor of *Massachusetts-Bay* to take the most effectual methods for procuring the fullest information that can be obtained, touching all treasons or misprisions of treason, committed within his government since the 30th of December last, and to transmit the same, together with the names of the persons who were most active in the commission of such offences, to one of his Majesty's principal Secretaries of State, in order that his Majesty may issue a special commission for enquiring of, and hearing and determining the said offences, within this realm, pursuant to the provision of the statute of the 35th year of the reign of King Henry the VIIIth, if his Majesty shall upon receiving the said information, see sufficient ground for such a proceeding.

From the BOSTON GAZETTE, March 27.

In our last were published a Number of RESOLVES *of the Right Honourable the House of Lords, relative to American Affairs:—The following we hear were also proposed at the same Time, but not then agreed to by the said House, viz.*

RESOLVED, That it appears that the Council for said province of *Massachusetts-Bay* not only refused to give their assistance to his Majesty's Governor for the suppressing the riots and tumults, and for supporting the civil power in the execution of the law, although repeatedly called upon so to do, but did, at a time when the town was in such a state of disobedience to all lawful authority, and when the officers of the revenue were compelled to seek shelter from the fury of the people on board one of his Majesty's Ships of war, concur and join with the house of Representatives in a resolution to enquire into the grounds and reasons of the people's apprehensions that measures had been taken or were taking for the execution of the late revenue acts of Parliament by a naval or military force.

Resolved, That it appears that the said Council for the province of the *Massachusetts-Bay* did, at a time when it was evident that the commissioners of his Majesty's customs could not safely

TO BE SOLD, in AUGUSTA,

For no other reason than that the present Owner's ill state of health, and his engagement in another branch of business, will not allow him to pay proper attention to it:

A S compleat and well-found a FARM or PLANTATION, as any in this province, containing 500 acres of exceeding good land, 250 acres of which is inclosed, and under good fence; fine timber of oak and hickory on the remaining 250 acres, a compleat dwelling house, newly glazed and painted, in which are two chambers, a dining-room and hall, four very good shade-rooms, and three fire places, a very good store, 30 by 19, a kitchen, of same dimensions, a smoak-meat and mill-house, all framed, and underpinn'd with brick, and closed with featheredge boards; a compleat barn, 40 by 19, floored flush with 2-inch plank, a framed poultry-house, and another house under same roof roomly enough to hold a waggon, cart, and chair, a strong and well framed stable, for 6 or 8 horses, three new corn-houses, made of 4-inch plank, capable of containing 1000 bushels of corn each, an overseer's house, a very good garden contiguous to the house, of an acre of ground, and under good clap-board pailing, an orchard of 18 acres, with about 1100 fine peach, apple, white mulberry and plumb trees, from which a great quantity of peach brandy, cyder, and silk, may be made.

There is a lagoon or piece of water, in which is fixed two good pumps, with a field of 50 acres on one side of it, and and another of 35 acres on the other side, very convenient for making indigo.

With this Farm WILL BE SOLD,
ABOUT THIRTY LIKELY

It may be easily demonstrated, that a person who really understands Farming, and will be industrious, may make on this farm 25 per cent. of his money, only by raising corn and pork, both very saleable at Savannah; the present owner would not fail of making that, could he give the proper attention to this farm.

Conditions of sale, ¼ of the amount to be paid in cash, and for the remaining ¾, credit will be given, upon approved security, for 3 or 4 years, paying interest. Enquire of JOHN GORDON, Esq; merchant, in Charles-Town, or Mr. THOMAS NETHERCLEFT, merchant, at Savannah. *Augusta, 17th January, 1769.*

The PARTNERSHIP of
GODFREY & GADSDEN,
Having expired with the last Year.

THEY return their thanks to their FRIENDS and CUSTOMERS for their favours received, and being under a necessity of closing their concerns as soon as possible, they will be additionally obliged to those indebted to them, to discharge the same this crop, that they may be enabled to settle the demands that may be against the copartnership: And, as there is a very large amount of debts in open accompts, that have been long standing, they must insist on the same being paid, or otherwise settled to their satisfaction, as a neglect of so reasonable a demand, will be attended with disagreeable consequences.

Rice, Deer-Skins and Indico, such as we shall approve of, will be taken in payment, at the market price, if offered to us on its arrival in Charles-Town. [t.f.]

TO BE SOLD,
(And entered upon immediately)

resume their functions in the town of *Boston*, not only decline to propose or adviſe any meaſures for giving them ſuch protection, but did on the contrary adviſe the Governor not to except an offer from General *Gage* to ſend troops, and did declare, that if any perſon had made applications for troops to come thither, they deem'd them in the higheſt degree unfriendly to the peace and good order of that government, as well as to his Majeſty's ſervice and the Britiſh intereſt in America.

Meſſieurs EDES & GILL,

WHAT a deplorable ſituation muſt a man be in, to find, that by *artful* and *falſe* repreſentations, he has raiſed the reſentment of the moſt auguſt body on earth againſt a numerous, faithful and loyal people; and that *Reſolves* have in conſequence thereof, paſſed upon them, for diſaffection, treaſon and rebellion, which never exiſted either in the heart or head of a ſingle ſubject in the Britiſh colonies; excepting perhaps a few *Culloden* gentlemen, now on their preſerment. I ſay, what a deplorable condition muſt ſuch a man be in, *when he thinks*----------He muſt know, that ſuch Reſolves have paſſed with great reluctance; and that their L------ps will be glad to find, *upon further enquiry*, that the people are free from that diſaffection, treaſon and rebellion they ſtand charged with: It *certainly will ſo appear upon a further enquiry*; when the reſentment of that auguſt houſe will fall back, *weighty indeed!* upon thoſe who may have dared to proceed ſo far in deception, as to reach the throne itſelf.---It is ſaid, that *the great Leader* in falſhood and deception, droops upon the laſt advices from home, and I do not at all wonder at it; nor ſhould I be in the leaſt ſurprized to hear, that in the horror and anguiſh of his guilty mind (ſituated as he is!) he had made the experiment of a *four penny rope*, as a momentary relief from his wretched condition.

From the BOSTON GAZETTE, March 6.

"AMONGST other devices, to undermine the rights and power of Juries, and render them inſignificant, there has an opinion been advanced, that they are only judges of fact, and are not at all to conſider the law: So that if a perſon be indicted for a fact, which really is no crime in itſelf by law, but is worked up by words of form, as *Treaſonably Seditiouſly*, &c. if the fact be but proved to be done, though the ſaid wicked circumſtances do not appear, they ſhall be ſupplied by the law, which you are not to take notice of, but find the bill, or bring in the perſon guilty, and leave the conſideration of the caſe in law to the judges, whoſe buſineſs it is.---Thus ſome people argue; but it is an apparent trap, at once to perjure ignorant juries, and render them ſo far from being of good uſe, as to be only tools of oppreſſion to ruin and murder their innocent neighbours with the greater formality: For though it be true, that matter of fact is the moſt common and proper object of a jury's determination, and matter of law that of the judges, yet, as law ariſes out of, and is complicated with fact, it cannot but fall under the jury's conſideration. *Littleton, Sect.* 368. teaches us, that the jury may, at their election, either take upon them the knowledge of the law, and determine both the fact and law themſelves, or elſe find the matter ſpecially, and leave it to judges: 'Tis by applying matter of fact and law together, and from their due conſideration of, and right judgment upon both, that a jury brings forth their Verdict."

From the *Providence* Gazette, *March* 4, 1769.

Being a Spectator at the Sitting of the Aſſembly at Providence, I had an Opportunity of hearing the public Letters read. Among others, one in particular excited my Curioſity; I therefore took it down in Characters, from which I wrote the whole at large, and having heard the ſame read a ſecond Time, you may be aſſured the following is a correct Copy. As it is of a pretty extraordinary Nature, you are requeſted to inſert it in your uſeful Paper.
